Analysis and Conclusion

As a result of action taken on Docket 2023-3, Subject 15 (October 2023), numerous items naming specific types of safes or vaults were canceled with reference to new item 172350. Subsequent to the approval of the proposal, it was found that there were interpretive problems with other items applying on safes or vaults in the Classification. As such, this proposal would add "NOI" to the description of item 172350 to foster clarification.
